### ProX7FT Lighting Fixture Moving Head U-Grid Module with 4 Adjustable Bars and Casters or Rubber Feet or Down Rigging

#### Description

ProX X-ALTO7FT Lighting Fixture U-Grid Module, an innovative solution designed to elevate your lighting rigging system to new heights. Crafted with precision engineering and durability in mind, this versatile module provides essential support for your lighting fixtures, ensuring stability and reliability throughout your performances or events.

With its integrated U-grid design, the X-ALTO7FT offers seamless compatibility with various lighting fixtures, allowing for easy installation and secure mounting. The inclusion of four bars provides additional support and flexibility, enabling you to customize your lighting arrangement according to your specific requirements.

Enhanced stability is a hallmark of the X-ALTO7FT module, thanks to its reinforced construction and strategically placed weight blocks. These weight blocks not only add stability but also allow for the incorporation of additional weight if needed, ensuring your lighting setup remains secure even in dynamic environments.

Designed for versatility, the X-ALTO7FT module features rubber feet or casters for easy mobility, making it suitable for a wide range of applications. Additionally, it can be clamped to trusses for added flexibility, although clamps are not included.

Experience unparalleled quality and functionality with the ProX X-ALTO7FT Lighting Fixture U-Grid Module. Elevate your lighting setup to new levels of stability, versatility, and reliability, and let your creativity shine in every performance. Visit our website for more information and to discover how the X-ALTO7FT can transform your lighting rigging system today.
