ProX T-C4 Aluminum Pro O-Clamp for 2" Truss Tube Capacity 1102 lbs.

Description

ProX **T-C4 Aluminum Pro O-Clamp with Wing Nut** for 2" Truss Tube Capacity 1102 lbs. Aluminum truss clamps are commonly used in the entertainment industry for hanging lighting fixtures and other equipment from truss systems. Our clamps are made from high-strength Al 6061-T6 aluminum alloy to ensure they are lightweight yet durable.

This O-clamp is designed specifically for use with most truss systems. It is made from high-strength aluminum alloy and features durable, yet lightweight construction. The O-clamp design allows for quick and easy mounting onto the truss, and it can be securely fastened in place using a bolt and wing nut. The clamp's wide surface area helps to distribute weight evenly, reducing the risk of damage to the truss or equipment while being hung.

This product is equipped with an M10 threaded bolt attachment
