### ProX T-C4S Aluminum Pro Slim M10 O-Clamp with Big Wing Knob for 2" Truss Tube Capacity 661 lbs.

#### Description

ProX **T-C4S** Aluminum **Pro O-Clamp with Big Wing Knob** for 2" Truss Tube **Capacity 661 lbs.** Aluminum truss clamps are commonly used in the entertainment industry for hanging lighting fixtures and other equipment from truss systems. Our clamps are made from high-strength Al 6061-T6 aluminum alloy to ensure they are lightweight yet durable.

This O-clamp is designed specifically for use with most truss systems. It is made from high-strength aluminum alloy and features durable, yet lightweight construction. The O-clamp design allows for quick and easy mounting onto the truss, and it can be securely fastened in place using a bolt and wing nut. The clamp's wide surface area helps to distribute weight evenly, reducing the risk of damage to the truss or equipment while being hung.

**This product is equipped with an M10 threaded bolt attachment**
