This particular case rests on four high quality 4" casters designed for easy traveling, it also comes equipped caster dishes on top to facilitate stacking with other flight cases. The X-RCF-NX12SMA is the perfect case for AV production companies, touring bands, entertainment groups, mobile DJ's or anyone who owns RCF NX 12-SMA Stage Monitor speakers. Protect your investment with ProX Cases.

This ProX case is manufactured with the Honeycomb laminated surface Design. Made with the super-sleek look of Honeycomb hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb design helps prevent minor to mild scratches. The Honeycomb Digital line design was inspired by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.
