### ProX XT-SQ246 2.46 Ft - .75 M Square Truss Segment | 2 mm Wall

#### Description

The **ProX XT-SQ246 Truss** is one of the most trusted staging support systems in the live entertainment industry and is engineered and manufactured to the highest standards of safety and performance. We manufacture with [EN-AWT6 6082 Aluminum](#) for safety and strength. Our XT series F34 square truss utilizes a popular conical connector system, which easily mates with most other brands of the truss of the same size and connector type, and is available in a variety of lengths to suit your designs. Our outstanding quality control and manufacturing techniques assure excellent fitment at every connection to expedite your setups.

ProX XT-SQ series trussing is a rugged and durable trussing solution perfect for live outdoor or indoor productions, exhibitions, retail displays as well as nightclubs, and other permanent installations. ProX offers a wide variety of corners, base plates, connectors, and accessories that allow limitless design configurations to suit your needs. *Always consult an engineer for complex designs!*
