ProX X-S150SAKIT Xstatic 150 RGB 16.5FT/5M LED strips Power Supply & Wireless Remote Sound Active IR Controller

Description

The Xstatic Pro Lighting X-S150SAKIT is an IP65 rated, 5 meter (16.4FT), 12V RGB LED kit that includes a power supply, remote, and an IR & Sound Activated control box. The X-S150SAKIT features 5050 SMD LEDs, 30 LEDs per meter, and is the perfect choice for all ranges of decor lighting. The best feature of this kit is we have enabled this kit to produce lighting effects based on Sound Activation. Let the music in the room control the lighting surrounding the environment. This flexible RGB LED strip is perfect for Nightclub and Bar lighting, and any other applications where there are restrictions in space. The Control box and remote enables quick and easy installation without the need for a DMX controller. This is the perfect, cost-effective solution for any application. High output, low heat, and simple setup makes this kit the ideal product for a variety of uses.
