ProX XC-PWC14-DMX10 10 Ft. 14 AWG Blue-M to Gray-M + DMX-3 XLR M to F for Power Connection compatible devices

Description

The ProX **XC-PWC14-DMX10** 10 Ft. 14 AWG Power Connection Blue-M to Gray-M + DMX-3 XLR M/F to connect Blue / XLR Male to Grey / XLR Female for Power Connection compatible devices. ProX cables are built with uncompromised quality with excellent performance at each connection - Instrument cables, Speaker cables, RCA cables, DMX cables, Power cables, and more. Our cables are made for professionals, by professionals.

*This cable is designed for connecting DMX controlled lighting with Power Connection supply and DMX connection. **This is a data cable and not for audio use!***

We know cables are not just cables, they are what protects your sound from being altered. An uncompromised signal power, frequency handling, and sound reproduction are what we are passionate about.

Bending & twisting are no match for our high-performance tour-grade power cables. They're designed to provide years of dependable sound reproduction and outlast every other cable on the market! Complete coil technology demands consistent weave tolerances to create precise accuracy and detailed clarity; this is the most important part of the design and greatly affects performance.

Features

- **20 AWG Oxygen-Free Copper (OFC) twisted pair data conductors for maximum signal transfer**
- **Compact cable diameter to decrease eddy currents**
- **Polyethylene inner jacket**
- **Duofoil® (100% coverage)**
- **Cotton plus a tinned copper braid shield (85% coverage)**
- **DMX Nominal Characteristic Impedance: 110 Ohms**
- **14 Gauge, 3 Conductor Power Cable with Power Connection connectors**
- **Black PVC Jacket for durability, flexibility, and low visibility on stage. The jacket is designed like a tank, armored to withstand rugged heavy road use**
