ProX X-PC10USB Power Center 10 Channel Edison AC Power 1U Rack Mountable Power Strip 15A Breaker On Off LED Toggle Switches

Description

ProX **X-PC10USB** Power Center **10 Channel Edison AC Power 1U Rack Mountable Power Strip** 15A Breaker On Off LED Toggle Switches. Introducing the ProX Power Center™ X-PC10-USB the ultimate solution to eliminate messy wires and extension cords. This sleek power center features ten lighted switches on the front panel for easy control, along with two 1A USB charging ports. Your equipment stays protected with a 15A resettable circuit breaker on the front panel. At the rear, find ten 120V, 3-prong grounding plug sockets for organized power distribution. With a maximum load of 15 amps or 1800 watts, it's perfect for lights and sound equipment. It's single-space rack-mountable design with backlit rocker switches adds elegance to any setup.

Experience organized power management with the A/C Power Center. Control devices effortlessly with ten lighted switches on the front panel and two **1A USB charging ports**. Safety is ensured with a **15A resettable circuit breaker**. At the rear, you'll discover ten 120V, 3-prong grounding plug sockets. With a **maximum load of 15 amps or 1800 watts**, it's ideal for lights and sound equipment. The sleek single-space rack-mountable design features backlit rocker switches for added style.

The A/C Power Center simplifies your power setup. Its front panel boasts ten lighted switches and two 1A USB charging ports. Stay safe with the 15A resettable circuit breaker. At the rear, find ten 120V, 3-prong grounding plug sockets for a tidy arrangement. This power center supports a maximum load of 15 amps or 1800 watts, perfect for lights and sound equipment. With a single-space rack-mountable design and backlit rocker switches, it's both functional and elegant.
