ProX ProX T-16RSS 16U Vertical Amp Rack Mount Flight Case with Caster Wheels

Description

ProX **T-16RSS 16U Vertical Amp Rack Mount Flight Case** with Caster Wheels. Our 16U vertical amplifier rack case offers an ideal storage solution, ensuring convenient security for a diverse range of amplifiers, professional DJ mixers, effects units, and any other standard 19" rack-mountable **ideal for Pro Audio, DJ, and IT Network equipment.**

Crafted with a robust construction design and equipped with dual mounting rails, this case ensures your equipment remains securely in place, preventing dislodging or slipping and minimizing strain on the rack ears. These high-quality products come complete with external spring-loaded handles and butterfly twist latches that even include padlocks for enhanced security. Constructed from 3/8" thick plywood, the T-16RSS case provides premium protection. Beyond its heavy-duty build and user-friendly features, this case offers a stylish, durable, and dependable solution that stands the test of time.

Presenting the ProX ATA 300 Style Flight Case, designed with a laminated surface on 3/8" plywood for top-notch durability. Crafted with our signature **Honeycomb Digital™ Surface Protection**, this case boasts a sleek and modern appearance while safeguarding your valuable equipment.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.

Note: Any pictured device is shown for reference only and not included!
