ProX T-P1BR 1U Rack Panel Brush Cable Management Slot Strips for standard 19-Inch Cabinet

Description

ProX T-P1BR 1U Rack Panel Brush Cable Management Slot Strips for standard 19-Inch Cabinet offers a practical solution for organizing cables within rack systems. Engineered to the industry-standard 19" width, this panel seamlessly integrates into various rack setups, Enclosure, Server or Network Cabinets, aiding in the efficient management of cables.

Designed with practicality in mind, the inclusion of brush strips facilitates the organized routing of cables while preventing the ingress of dust and debris into the rack. This feature not only maintains a neater appearance but also contributes to better airflow management, essential for equipment housed within the rack.

Installation is straightforward, simplifying the setup process. Mount the panel effortlessly into your rack, and it becomes an integral part of your cable management strategy.

Constructed from durable materials, this cable management panel is built to withstand the rigors of diverse environments. Its sturdy build promises longevity and reliability, catering to the demands of professional installations.

The 19" 1U Cable Management Panel with Brush Strips stands as a practical accessory, aiding in efficient cable organization within rack systems without compromising on durability or functionality.
