ProX XT-DC20 20" Truss Arm Extension Pole with Dual Trigger Clamps for Lighting Moving Heads Max Load 150 lbs 2" Diameter

Description

ProX **XT-DC20 20" Truss Arm Extension Pole with Dual Trigger Clamps** for Lighting Moving Heads **Max Load 150 lbs 2" Diameter**. This 3mm 20-inch pole, paired with dual Pro Clamps, provides an immediate mounting solution for any clampable DJ light or fixture. Crafted from high-grade aluminum, the XT-DC20 exhibits a lightweight construction while maintaining robustness to accommodate nearly any device. With its dual clamping system, stability is assured, and it possesses the capacity to support greater weight compared to the **XT-SC20**. Designed to fit seamlessly onto any standard 2-inch trussing, it stands as an ideal and cost-effective addition for effortlessly enhancing your existing DJ or stage trussing rig.

Constructed from airplane-grade aluminum materials, the ProX XT-DC20, along with its dual Pro Clamps, promptly provides an optimal surface **for attaching various clampable Stage Lighting and fixtures**. Defined by its lightweight yet durable high-grade aluminum composition, the XT-DC20 demonstrates exceptional strength, rendering it suitable for a wide array of devices. Notably, its dual clamping mechanism not only ensures unwavering stability but also enables it to withstand higher loads, surpassing the capabilities of the ProX XT-SC20. Tailored to seamlessly align with standard 2-inch trussing setups, this addition emerges as an economical and proficient means of expanding your current DJ or stage trussing arrangement.

Features
