ProX XT-GRU-ARM BLK 24" Truss Tube with Dual Clamp for ProX XT-GRU Rapid Grid Modular System | Black Finish

Description

ProX XT-GRU-ARM 24" Truss Tube with Dual Clamp for ProX XT-GRU Rapid Grid Modular System | Black Finish 3mm 19.5" pole (24" Total) with Pro Clamp instantly gives you a sturdy mounting surface for any clampable professional Truss Rigger to Mobile DJ for an array of lighting or other types fixtures. Made from high-grade aluminum the XT-GRU-ARM is lightweight yet sturdy enough to handle almost any mountable device. It fits any standard 2" trussing and is an easy and affordable addition to easily expand your current DJ or Professional Stage Trussing Rig.

The XT-GRU3024 Rapid Grid™ modular design allows endless configurations for single fixtures, double hanging or ladders of multiple fixtures, which can also be expanded to create a wall of hanging positions. Each U module has two safety point attachments, one on each side for use with multiple styles of fixtures. The ProX GRU Rapid Grid™ System has been designed for quick deployment and take down in any environment. The lightweight yet strong aluminum construction is additionally reinforced to provide added stability and safety.

TUV Is a 3rd Party Certification Body and a Nationally Recognized Testing Laboratory (NRTL). TUV provides inspections, testing, certification & training, with the ultimate objectives of reliability, safety & high quality.
