ProX XC-XLR25FR 25' Ft High Performance Right-angle XLR-F to XLR-M Audio Balanced Cable

Description

ProX **XC-XLR25FR 25' Ft High-Performance Right-angle XLR-F to XLR-M Audio Balanced Cable**. This Balanced **Right-angle XLR-F to XLR-M** High-Performance Audio Cable Female is a professional-grade audio cable that is designed for use in high-performance audio setups. It features a balanced design that helps to reduce interference and noise, which can lead to improved audio quality.

The cable has a right-angle XLR-F connector on one end and an XLR-M connector on the other, which allows for easy connection to a variety of audio equipment. This cable is ideal for use in larger audio setups where longer cable runs are necessary. Overall, the ProX audio cable is a high-quality, durable cable that is built to withstand the demands of professional audio environments.

Cable Type: Microphone Cable

Connector 1: XLR Male

Connector 2: XLR Right Angle Female

Specification: Balanced

The Build:

Our cables are plated with gold and silver connectors for superior signal transfer. 12 AWG – 93% Braided Oxygen-Free Copper (OFC) Conductors which provide an optimum signal transfer.

Quality Control:

We test every single cable to make sure each one performs to the best of its ability, which includes high performance and flexibility that can handle heavy everyday use. These cables are specifically designed to provide many years of crystal-clear sound and durability

We make **Instrument cables, Speaker cables, RCA cables, DMX cables, Power cables, and more.** Our cables are made for professionals, by professionals.
