ProX XGF-160FLX4 4-Pack 1 Inch 180FT 60YD Multi-Color Fluorescent Commercial Grade Gaffer Tape Pros Choice Non-Residue

Description

ProX **XGF-160FLX4 4-Pack 1 Inch 180FT 60YD Multi-Color Fluorescent** Commercial Grade Gaffer Tape Pros Choice **Non-Residue**. Fluorescent (Neon) gaffer tape is highly visible and easy to spot, making it perfect for marking and labeling. It's long-lasting and leaves no residue when removed. Its adhesive properties make it useful for temporarily securing objects or materials. This versatile tape is great for DIY projects and has hundreds of uses around the home, workshop, and garden. Plus, with a 100% satisfaction guarantee from Gaffer Power, you can order with confidence.

Why our tape is considered "The Pros Choice"

- Long-lasting and leaves no residue when removed
- Useful for temporarily securing cables or objects
- Versatile and has hundreds of uses for all industries
- Great for hiding logos, shiny objects, and more
- Easy rip cloth vinyl material – No Knife Needed

When it comes to reliable Gaffer tape, look no further than ProX brand commercial tapes.

[This tape comes in a variety of sizes and colors.](#)

Finish: (Neon) Yellow - Pink - Orange - Green

Temp. Range: 50° to 180°F

Thickness: 11.8 mil

Tensile Strength: 35.8 lb/in

Material: Natural Rubber Base (Solvent-Free)

NOTE: Tape should be stored in its original packaging in a cool, dry area away from direct sunlight and should be used within 12 months of the date of shipment.

Surfaces to which tape is applied should be clean, dry, and free of grease, oil, or other contaminants. Surfaces should be as clean, dust-free, and dry as possible before application. While the surface of the tape is moisture-resistant the adhesive is not. The adhesive is pressure-sensitive, and heat activated. Make sure you really press it firmly into place when applying and get it as warm as possible to secure the adhesive. The dryer and warmer the installations are, the better the adhesive will attach.
