ProX XT-PLASMA MK2 42-90" LED LCD Plasma TV Monitor Screen Display Mount for F34 F33 F32 F31 Bolted 12 inch Truss Segments

Description

ProX XT-PLASMA MK2 LED LCD Plasma TV Monitor Screen Display Mount for F34 F33 F32 F31 Bolted 12-inch Truss Segments. Introducing the ProX LED/LCD/Plasma TV mount - your reliable solution for securely affixing video monitors to square trusses. This uncomplicated bar effortlessly **connects to displays ranging from 42" to 50"**, as well as **LED/LCD displays spanning 42" to 90"**. Equipped with two slim rotatable clamps and two adjustable 360 clamps, this mount allows convenient attachment of your screen to any F33 or F34 trussing. If you're seeking a dependable truss-mounted solution for your sizable plasma or LCD TV, look no further than the TV mount.

Please note that utilizing the TV mount necessitates additional brackets on your TV/Display to establish a connection with the mounting device. These brackets are not included and should correspond to the model and dimensions of your display device.

ProX Trussing presents a robust and enduring trussing option, ideally suited for diverse applications such as live outdoor or indoor productions, exhibitions, retail displays, nightclubs, and permanent installations. Complementing this, ProX offers an extensive array of trussing accessories, encompassing clamps, hanging & lifting points, spacers, box corners, mounting poles, base/top plates, and more. Whether you're envisioning an elaborate rigging project or a straightforward show booth, these components will bring your design to life. Remember, for intricate designs, it's always prudent to seek advice from an engineer!
