ProX XT-S4X492TOTEM 4.92ft Totem Package Includes a 12in Top Plate, 24in Base Plate and Four 1.5m F31 Tubes W-White Scrim Cover

Description

The **ProX XT-S4X492 TOTEM** Truss Totem Package assembles some of the most popular products that are used for DJ Totems. At the core are four of the **ProX XT-S492** Single Tube Truss sections which are made with 2mm EN-AWT6 6082 Aluminum for safety and strength, an **XT-BP24A** 24 In. x 24 In. 8mm Aluminum Base Plate, and an **XT-BP12A** 12" X 12" F34 8mm Aluminum Top Plate W/Slots and Mounting Holes. You can use the totem exposed as "all-aluminum" or dress it up for a smooth, finished appearance with the included **XTC-SQ492TS-W** White Lycra-Spandex Cover.

Add **Optional (Not Included)** LED Lights like the **X-PAR36RGBWA** or the **X-LEDPAR86** to really make your totem setup pop with color.

WARNING! These scrim products are for temporary use ONLY and NOT for permanent installation. Keep away from open flames, sparks, direct heat, or any type of electrical fixtures and outlets. ProX Live Performance Gear is not responsible for any bodily injury or property damage caused by misuse of this product. Scrim covers can be machine washed and air-dried only. Do not use harsh chemicals or chlorine bleach. Factory fire retardant loses effectiveness with washing and over time. Re-treat as needed.
