ProX XS-6XBP2424PACK 6-pack of 24" in. Aluminum 6mm Truss Base Plates for F34 Conical and ATA Style Flight Case

Description

ProX **XS-6XBP2424PACK 6-pack of 24" in. Aluminum 6mm Truss Base Plates** for F34 Conical and ATA Style Flight Case. This package of (6) 24" x 24" Aluminum bases plate is forged out of tough EN-AWT6 5052 Aluminum material. Most professionals trust us for the quality and reliability of our products. Its robust build gives you all the confidence you need when combining your truss segments and or any other compatible products. (Includes: ATA flight Case and includes 24 connecting hardware set).

This **package of (6) Base Plates** is accommodated by our [XS-6XBP2424-MK2 ATA 300 Style Flight Road Case](#). Its equipped with a removable top for easy access to your base plates, you can just pull them out of each interior aligned slot (which prevents movement during transport and keeps them firmly in place. The case can easily be rolled on the swivel 4-inch Industrial grade casters with rubber wheels. This case makes it easy to transport your base plates which can be really heavy when transporting more than one at a time.

We use industry-standard dimensions that are compatible with most other truss manufacturers. Our Truss segments are welded and manufactured in our own factory and are compliant with TUV Certified engineering.

TUV Is a 3rd Party Certification Body and a Nationally Recognized Testing Laboratory (NRTL).

TUV provides inspections, testing, certification & training, with the ultimate objectives of reliability, safety & high quality.
