ProX XS-MPROFX16 ATA Digital Audio Mixer Flight Case for Mackie Pro FX16 Console

Description

ProX **XS-MPROFX16** ATA Digital Audio Mixer **Flight Case for Mackie Pro FX16 Console** Our custom-designed ATA-style road case is tailored specifically for your Live Mixer Console in the audio console industry, providing the highest level of protection and convenience for your valuable equipment. With its intelligently engineered low front panel, the unit allows easy access to inputs, further enhancing the user experience.

The ATA-300 Flight Style Road Case offers exceptional durability and protection for your valuable equipment. It includes a high-density foam interior for superior support and casing. Featuring recessed spring action handles on each side for easy transport, heavy-duty steel ball corners, and dual anchor rivets, this case ensures maximum resilience and longevity. Constructed from premium Series 3/8" plywood, it's the ideal choice to safeguard your gear during travel and storage.

At the forefront of case design, **Honeycomb Digital™** by ProX Live Performance Gear® showcases a sleek hexagonal pattern. This unique style combines with top-notch gear protection, thanks to a high-quality laminate that shields against scuffs and scratches.

Its robust construction features the utilization of rugged and enduring Signature Series Plywood, fortified with reinforced steel ball corners. Crafted with precision and top-quality materials, this road case ensures ultimate security during transportation.
