ProX XS-PRE32SX DHW ATA Digital Audio Mixer Flight Case for PreSonus StudioLive 32SX 24 24.4.2 AI Console with Doghouse compartment and Caster wheels

Description

ProX XS-PRE32SX DHW ATA Digital Audio Mixer Flight Case **for PreSonus StudioLive 32SX 24 24.4.2 AI** Console with Doghouse compartment and Caster wheels. Our custom-designed ATA road case has been meticulously crafted to cater specifically to Live Audio Mixing Engineers, offering the utmost protection and convenience for your valuable equipment.

Our custom-designed ATA-style road case is tailored specifically for your Live Mixer Console in the audio console industry, offering the highest level of protection and convenience for your valuable equipment.

The ATA-300 Flight Style Road Case is the ultimate choice for protecting your equipment. It features a convenient doghouse compartment for cable access and is equipped with 4 heavy-duty caster wheels, 2 of which are locking for stability. The interior is fortified with high-density foam for excellent support, and it boasts recessed spring action handles on both sides for easy transport. Built to withstand tough conditions, it includes heavy and powerful steel ball corners and dual anchor rivets, all enclosed in premium Series 3/8" plywood. The industrial recessed butterfly twist lock latches, padlock-compatible, offer additional security for your valuable gear during travel and storage.

Its robust construction features the utilization of rugged and enduring Signature Series Plywood, fortified with reinforced steel ball corners. The well-designed Doghouse enhances the case's functionality by providing discreet cable storage and accommodating small rear accessories, ensuring operational convenience.

At the forefront of case design, Honeycomb Digital™ by ProX Live Performance Gear® showcases a sleek hexagonal pattern. This unique style combines with top-notch gear protection, thanks to a high-quality laminate that shields against scuffs and scratches.

Additionally, the case incorporates 4" Casters with rubber wheels, facilitating effortless mobility. With its intelligently engineered low front panel, the unit allows easy access to inputs, further enhancing the user experience.
