ProX XS-DDJ1000W ATA Flight Case for Pioneer DDJ-1000 FLX6 SX3 DJ Controller with 1U Rack Space and Wheels

Description

The **ProX XS-DDJ1000W** Flight case designed for the PIONEER DDJ-1000 / SRT, DDJ-SX3, and DDJ-FLX-6 and is made with the highest quality material and workmanship. If you have a passion for your gear and want to keep it safe at all times, this case will perform at the highest level every time. The XS-DDJ1000W is constructed with our rugged signature 3/8" Gig-Ready Series Plywood, durable rubber wheels, reinforced steel ball corners, as well as recessed steel padded handles and latches. There is additional space for cables and small accessories in the back and underneath the unit for convenience, and a 1U Rack Space underneath the unit (1U Rail Hardware Included), as well as a removable front panel. The front removable panel allows for easy access to the 1U rack space, front controls, and headphone/mic jacks.

This ProX ATA 300 Style Road/Flight case is manufactured with the Honeycomb Digital™ laminated surface Design. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.

Note: Any pictured device is shown for reference only and not included!

Features

ProX has been manufacturing flight cases since 1984 and are designed to protect your investment
