ProX X-MIXSTREAMPROBL ATA Flight Road Case for Numark Mixstream Pro DJ Controller - Black Finish

Description

ProX X-MIXSTREAMPROBL ATA Flight Road Case for Numark Mixstream Pro DJ Controller Black Finish. ProX X-MIXSTREAMPRO ATA Flight Style Road Case For Numark Mixstream Pro DJ Controller. Designed with high-quality materials and workmanship to give you the ultimate security for your digital DJ controller. If you have a passion for your gear and want to always keep it safe, this case will always perform at the highest level. These cases come in a variety of colors and features.

The Build

All ProX cases are created using CNC technology to ensure consistency within strict specifications and tolerances. ProX Cases have been a family-owned business since 1984, and we strive to produce the best products designed to last a lifetime.

Gig Ready Series

ProX Gig-Ready™ Series cases are constructed from rugged 3/8" plywood, reinforced with steel ball corners, spring-loaded recessed padded handles, and twist-locking latches. There is additional space for cables and small accessories at the rear, underneath the controller for added convenience. The removable front panel allows for easy access to the DJ controller's front control knobs, headphones, mic jacks, etc.

Everyday Protection

This DJ Controller case includes our Signature Honeycomb Digital™ Surface Protected lamination. It is designed to look super-sleek with hexagon grids on all sides of the case, available in a variety of color options. This helps prevent minor to mild scratches during its lifetime.

Environmental Safety

We are committed to creating a cleaner world by minimizing damage to the environment. Therefore, we have switched the production of our high-density rubber foam inserts. Our rubber and foam padding contains 70% recycled materials. Most of this recycled content comes from plastic bottles you dispose of every day, with the remainder from recycled post-industrial materials.

DISCLAIMER: All third-party products shown are for display purposes only and are not included with this product. For the safety of your laptop or any other gear placed on the sliding shelf, DO NOT leave your laptop or any other devices (besides the controller) inside the case. Do not attempt to move or transport the case with objects on the sliding laptop shelf while it is ajar.
