ProX XS-BL1W ATA Style Road/Flight Case For Bose L1 Compact Speaker W/Wheels

Description

The **ProX XS-BL1W** ATA Style Flight Case is a professional touring speaker case that house a Bose L1 compact pa speaker system and is crafted using the highest quality materials and workmanship, to give you the ultimate security for your equipment. If you have a passion for your gear and want to keep it safe, this case will ensure your investment is protected at all times.

This ProX speaker case employs a laminated 3/8 inch plywood that has a hard shell, with internal padding, to provide the best-customized protection for your Bose L1 Compact PA Speaker. The case rests on 2x Low Profile Durable Tough Rubber Wheels designed for easy traveling.

This ProX console case is manufactured with the **Honeycomb laminated surface Design**. Made with the super-sleek look of Honeycomb hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the **ProX Honeycomb** design helps prevent minor to mild scratches. The Honeycomb Digital line design was inspired by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

All ProX cases during the manufacturing process use CNC technology to assure all cases are consistently built with strict specifications that are required for the high-quality standards that ProX cases is known for since 1984.

***ProX Goes Green:** The durable hard rubber foams used in our cases contain 70% recycled content. Of that 70%, 80% of it comes from recycled plastic bottles and the remaining 20% from recycled post-industrial materials. At ProX we strive to make the world a better place!
