ProX T-C12 Aluminum Self-Locking M10 Clamp with Big Wing Knob for 2" Truss Tube Capacity 330 lbs.

Description

ProX T-C12H Aluminum **Self-Locking Clamp with Big Wing Knob** for 2" Truss Tube **Capacity 330 lbs.** This Self-Locking Clamp with Big Wing Knob is a reliable and versatile solution for attaching lighting and effects equipment to a 2-inch truss or pipe. With a maximum load capacity of 330 lbs, this hook-style clamp is designed to be sturdy and secure, providing a safe and reliable option for mounting equipment.

One of the standout features of this clamp is its self-locking mechanism, which allows for easy and efficient rigging on the fly. The low-profile design of the clamp also adds to its versatility, making it suitable for a wide range of event and production settings.

In addition to its functionality, this Self-Locking Clamp also provides a professional and contemporary look to any setup. By holding lights closer to the trussing, this slim-fitting clamp eliminates unsightly gaps and provides a sleek, streamlined look that is sure to impress.

This product is equipped with an M10 threaded bolt attachment
