ProX T-C15-BLK Aluminum Side Entry M10 Clamp with Reversed Elbow Half Conical for 2" Truss Tube Capacity 661 lbs Black Finish

Description

ProX **T-C15-BLK** Aluminum **Side Entry Clamp with Reversed Elbow and Half Conical** for 2" Truss Tube **Capacity 661 lbs Black Finish**. This Side Entry Clamp with Reversed Elbow & Half Coupler is a top-of-the-line accessory clamp designed to enhance your event and DJ trussing system. This TUV-approved clamp is specifically designed to be used with 50mm (2") tubing and is compatible with **F31-F32-F33-F34-F44P**, and **12-inch Bolt Truss**. Its designed with a half coupler and reversed elbow, this clamp provides unparalleled flexibility and creative freedom when designing your trussing system.

Crafted from high-quality aluminum, this clamp is both light-weight and durable, making it a reliable and long-lasting addition to your trussing system. The black anodized powder-coated finish adds an extra layer of durability, ensuring that this clamp will withstand the rigors of even the most demanding events.

Whether you're looking to add a single tube trussing or create a complex trussing configuration, this side entry clamp with reversed elbow and half coupler allows you to do so with ease. This versatile and innovative clamp is designed to let your creativity flow, providing you with the tools you need to create a truly unique and visually stunning trussing system.

This product is equipped with an M10 threaded bolt attachment
