ProX X-752LED CHALLENGER CHALLENGER RGB Color Mixing Effect Lighting

Description

Creating a great show with just one light was impossible until the CHALLENGER came into the market! This 112 LED fixture can make a venue light up as if the sun was inside the club. With its amazing effects and rotating moonflower options it can make the club or venue beautiful and colorful so the crowd can have a great time. This beautiful looking LED light has 112 powerful LED's which has 32 red, 48 green, and 32 blue LED's to make great effects. Its LEDs are incredibly powerful and bright yet use very little power. The CHALLENGER features a long life bulb and a speed adjustment and it also responds to ambient sound with its built in Mic.

CHALLENGER is an all in one which can create a huge fantastic light show for any type of event whether a venue, stage, or video production while being lightweight and compact.

Flexible full color lighting for any size party!
