ProX X-RCF-NX45AX2W Dual ATA Style Speaker Flight Case For 2 RCF NX45A Loudspeakers | Also Fits In This Case XS-2X281716

Description

The **ProX X-RCF-NX45AX2W** is designed specifically to house and protect (2) RCF NX45A Loudspeakers.

This professional speaker case employs a 3/8" laminated plywood that has a hard shell with internal impact resistant padding to provide the best protection for your investment. No matter where you take your speakers you can have peace of mind, nothing will get damaged during transit or in storage.

This particular case rests on four high quality 4" casters (2 locking) designed for easy traveling, it also comes equipped caster dishes on top to facilitate stacking with other flight cases. The X-RCF-NX45AX2WA is the perfect case for AV production companies, touring bands, entertainment groups, mobile DJ's or anyone who owns RCF X-RCF-NX45AX2W speakers. Protect your investment with ProX Cases.

This ProX case is manufactured with the Honeycomb laminated surface Design. Made with the super-sleek look of Honeycomb hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb design helps prevent minor to mild scratches. The Honeycomb Digital line design was inspired by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

Features

All ProX cases during the manufacturing process use CNC technology to assure all cases are consistently built with strict

specifications that are required for the high-quality standards that ProX cases is known for since 1984.
