### ProX XS-DDJRZWLT Fits Pioneer DDJ-RZ Digital Controller Flight Case w/ Laptop Shelf and Wheels

#### Description

The ProX XS-DDJRZWLT Digital DJ Controller case fits PIONEER DDJ-SZ and DDJ-RZ; it's made with the highest quality material and workmanship to give you the ultimate security for your RZ controller. If you have a passion for your gear and want to keep it safe at all times, this case will perform at the highest level every time.

The XS-DDJRZWLT fitted for PIONEER DDJ-SZ and DDJ-RZ is constructed with our rugged signature 3/8" Gig-Ready Series Plywood with honeycomb style, durable rubber wheels, reinforced steel ball corners, as well as recessed steel padded handles and latches. There is additional space for cables and small accessories in the back and underneath the unit for convenience, as well as a removable front panel for you to access front input jacks easily. The front removable panel allows for easy access to the front controls and headphone/mic jacks.

This ProX Digital Media controller case is manufactured with the Honey Comb laminated surface Design. Made with the super-sleek look of Honey Comb hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honey Comb design helps prevent minor to mild scratches. The Honey Comb Digital line design was inspired by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

\* ProX Goes Green: The durable hard rubber foams used in our cases contain 70% recycled content. Of that 70%, 80% of it comes from recycled plastic bottles and the remaining 20% from recycled post-industrial material. At ProX we strive to make the world a better place!

#### Dimensions
