### ProX T-8MRLT Flight Case DJ Combo 8U Rack x 10U Top Mixer W-Laptop Shelf

#### Description

This **ProX T-8MRLT** 8U vertical rack, 10U slant mixer rack system has all the best features you are looking for in a world-class flight case: strength, durability and reliability with flexible options and sizing for different applications. This heavy-duty professional combo rack is 20" deep and features 8U front loading and 10U top loading rails for convenient security for a wide variety of pro DJ mixers, amplifiers, effects, and any other standard 19" pro audio/DJ gear.

Other design highlights include a large swinging rear door (for easy wiring) with a hinged cable hole for permanent or semi-permanent

Other design highlights include a large swinging rear door (for easy wiring) with a beveled cable hole for permanent or semi-permanent installation. It is constructed with our rugged signature 3/8" Gig-Ready Series Plywood, reinforced steel ball corners for protection and easy stacking, and two recessed steel padded handles for easy transportation and latches to protect them from damage during transport. This case also includes a sliding Glide laptop shelf for digital DJs who need to have all their gear accessible at once.

This ProX ATA 300 Style Road/Flight case is manufactured with the Honeycomb Digital™ laminated surface Design. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches. The Honeycomb Digital™ line design was inspired in 2009 by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

*All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.*

***Note: Any pictured device is shown for reference only and not included!***
