ProX XS-DDJ1000WLTRB ATA Flight Case for Pioneer DDJ-1000 FLX6 SX3 DJ Controller with Laptop Shelf 1U Rack Space and Wheels - Red Black

Description

The **ProX XS-DDJ1000WLTRB** Flight Case with Sliding Laptop Shelf and **1U Rack Space** underneath the controller is constructed with our rugged signature 3/8" Gig-Ready Series Plywood, durable rubber wheels, reinforced steel ball corners, as well as recessed steel padded handles and latches. There is additional space for cables and small accessories in the back and underneath the unit for convenience as well as a removable front panel. The front removable panel allows for easy access to the 1U rack space, front controls, and headphone/mic jacks.

This case includes an X-GLOLITE20 which is an Exclusive Product from ProX (Design Copyright © 2018) LED light. It is 20 inches long, has 13 bright SMD 5050 LEDs providing over 16 Million color combinations via the included Wireless Remote Control. It is also has a Sound Active mode as well. The **X-GLOLITE20** is housed in an aluminum body for durability and safety, USB powered and also includes an AC Wall Adapter. The wireless remote uses a CR2025 3V battery.

It's all about the options. This item is part of our **Black on Red** series, which features black hardware on a red exterior for a sleek, professional look. There's no going back. Black & Red is always in style, and a black on red road case for your professional gear will always make a statement.

This ProX ATA 300 Style Road/Flight case is manufactured with the Honeycomb Digital™ laminated surface Design. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches. The Honeycomb Digital™ line design was inspired in 2009 by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.

Note: Any pictured device is shown for reference only and not included!
