ProX ZCase® XZF-YCL5 Flip-Ready™ Easy Retracting Case for Yamaha® CL5 Console by ZCase®

Description

The **ProX Exclusive XZF-YCL5 Flip-Ready™** is Made in Poland by ZCase® for the Yamaha® CL5 Console. These cases for digital audio consoles are designed and built to make transport and setup quick and very easy. No more lifting heavy consoles into place on a table or stand. The patented hydraulic lift system provides easy movement from a vertical transport position to the horizontal operational position using minimal physical effort. A heavy plywood base between the case and the four heavy-duty locking casters protects the case and equipment during transport. The lower doors opening the storage area have magnetic catches to hold them open, during the movement of the console, to protect the doors. The rotational mechanism attached to the mounting plate uses gas springs which also suppresses all vibrations generated by transport by means of Vibro-insulators attached to the mounting plate and the sidewalls of the case body. Each case has a large doghouse area with recessed latches on the cover as well as engraved wood side panels that are custom-fitted to retain the console firmly in the case.

The **Flip-Ready™ by ZCase®** cases are manufactured in Poland and are handcrafted for quality control and individually tested for smooth operation. For years Audio Engineers have faced the challenge of setting up heavy mixers, many times without adequate help. The **Flip-Ready™ by ZCase®** design allows for easy, one person, instead of four, movement from the transport position to operational position with virtually no effort. No other case matches the quality and operational convenience of the **Flip-Ready™ by ZCase® from ProX Live Performance Gear®**. What are you waiting for?

ZCase® is a registered trademark of Łukasz Zawada and Flip-Ready™ is a trademark of ProX Live Performance Gear®
