ProX X-POLARISBL POLARIS™ Portable Speaker and Lighting Dual Stand Kit with Base Plate, Adjustable Pole, and Carry Bags - Black Finish

Description

ProX X-POLARISBL POLARIS™ Portable Speaker and Lighting Dual Stand Kit For PA Speakers, Portable Projectors, LED Lighting Bars, Par Lights, and Mirror Balls. Setup is incredibly easy and it takes up a very small footprint in smaller storage spaces and vehicles.

The steel pole shaft can be raised and lowered seamlessly from 55" up to 72" inches in height. It has industrial grade rubber feet that help prevent movement and helps when lifting/tilting from the ground for repositioning. Its constructed of mostly of Steel from top to bottom, collar and shaft (most brands use plastic).

POLARIS™ Speaker/Lighting Stand Kit comes in handy when you're looking to elegantly place speakers and lighting in tight spots, corners or other areas where a small footprint is required. Using traditional tripod speaker and lighting stands can be very ugly and bulky for more discreet or elegant style of events.

Polaris can be used for many occasions big or small and can be utilized for all types of scenarios including: *Weddings, Birthday Bashes, Town Gatherings, Speeches, Gallas, Trade Shows, Lounges/Bars, Ballrooms and at domestic home use.*
