ProX XB-BP24TB Universal Gig Bag fits up to two 24 inch Base Plates

Description

ProX **XB-BP24TB** Universal Gig Bag **fits up to two 24-inch Base Plates**. This base plate padded protective bag is designed with meticulous attention to detail, this gig bag offers unparalleled protection and convenience for your base plates, ensuring that they arrive at their destination in pristine condition.

Key Features

Superior Construction: Crafted from high-quality materials, the ProX XB-BP16TB Gig Bag is built to withstand the rigors of the road. The rugged exterior protects your base plates from bumps, scratches, and minor impacts, while the soft interior lining prevents any potential damage caused by friction during transit.

Spacious Interior

With ample room to accommodate up to two base plates, this gig bag ensures a secure and snug fit for your equipment. The portable bag allows you to store two base plates comfortably, making it an ideal companion for DJs, musicians, and audio professionals who require multiple setups.

Secure Enclosure

The gig bag features a sturdy zipper closure system, which seals your base plates securely within the bag. This prevents any accidental openings during transportation and guarantees easy access when needed.

Padded Shoulder Strap and Handles: Comfortable transportation is key when you're on the go. Each Gig Bag is equipped with a padded shoulder strap and durable handles, providing multiple carrying options for your convenience. Whether you're heading to a gig, studio session, or rehearsal, carrying your base plates has never been easier or more comfortable.

Lightweight and Portable

We understand that ease of travel is crucial for musicians and professionals. Despite its exceptional protective capabilities, the gig bag remains lightweight and easy to carry, making it a breeze to transport between venues, studios, or practice spaces.

Note: Base plates shown in images are for illustrative purposes only and are not included with the gig bag.
