ProX XS-APC40LTBL ProX fits Akai APC-40 Midi Controller Flight case w Laptop Shelf BLACK ON BLACK

Description

BLACK ON BLACK Flight Case for the Akai APC40 Midi Controller for live laser and DMX lighting control operation, Ableton Live, or other Digital Control Softwares.

This ProX Digital Media controller case is manufactured with the Honey Comb laminated surface Design. Made with the super-sleek look of Honey Comb hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honey Comb design helps prevent minor to mild scratches. The Honey Comb Digital line design was inspired by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.
