ProX XF-VISTASCRIM WH Replacement White Spandex Fabric Lycra Scrim with Bag for ProX Vista Facade

Description

ProX XF-VISTASCRIMWH Replacement **White Spandex Fabric Lycra Scrim with Bag** for ProX Vista Facade. The Lycra fabric also allows for easy installation. These facade cover scrims are highly versatile and best suited for weddings. When you have finished using your scrims, simply toss them into the washing machine to restore them to a pristine condition. Thanks to the spandex material, they will always remain wrinkle-free; air drying is highly recommended.

WARNING! These scrim products are intended for temporary use ONLY and should NOT be used for permanent installation. Keep them away from open flames, sparks, direct heat, or any type of electrical fixtures and outlets. ProX Live Performance Gear is not responsible for any bodily injury or property damage caused by the misuse of this product. Scrims can only be machine-washed and air-dried. Do not use harsh chemicals or chlorine bleach, as the factory fire retardant properties may diminish with washing and over time. Re-treat as necessary.
