ProX XS-DJSTNOB Transformer Series DJ Folding Workstation Table - Fold Away W-Wheels | Black on Orange

Description

The **ProX Transformer Series XS-DJSTNOB** fold away DJ performance Desk is exactly what you need for your DJ or Studio Setup. If you are looking for a mobile DJ Workstation that's is easy to transport and will make your setup look amazing, this is for you. It's easily assembled, quick to collapse and folds flat for amazing portability. It's durable enough to place your mixers, CDJ's, keyboard or any type of pro audio or lighting equipment on the go. Additionally, it has a utility shelf under the table that can be used for backup controllers or laptops, extra cables, etc. The ProX DJ table is constructed with our signature Sleek Honeycomb Digital plywood design finished in an energetic orange, and aluminum accents with a black powder-coated finish it's sure to make a good impression at your event. This unit is also equipped with wheels that ease your transportation experience.

This ProX ATA 300 Style Road/Flight case is manufactured with the **Honeycomb Digital™** laminated surface Design. Made with the super-sleek look of Honeycomb Digital™ hexagon grids on all shell surfaces, which gives the cases an almost alien look! Also as opposed to regular laminated plywood cases from other manufacturers, the ProX Honeycomb Digital™ design helps prevent minor to mild scratches. The Honeycomb Digital™ line design was inspired in 2009 by the design of New York City Street Manhole covers which are made to handle rough and tough everyday punishment.

All ProX cases use CNC technology, during the manufacturing process, to assure that cases are consistently built with strict specifications and tolerances that are required for the high-quality standards that ProX cases have been known for since 1984.

Features

ProX has been manufacturing quality flight/road case products since 1984 and all are designed to protect your investment!

- **Black trim on Orange Honeycomb Digital™ exterior design**
- **Signature Series Certified Laminated Gig ready 3/8" plywood**
- **2x Low Profile Durable Tough Rubber Wheels**
- **Open Dimensions: 36Hx20Dx55W**
- **ProX Branded Heavy Duty Handles and Latches**

Customer Testimonials

It's what I needed – April 6, 2018 by *shootersweapons* - ebay.com

I have my 1200s in flight cases on it battle style with a Rane 57SL suspended between the two cases. I wish there was enough room for my Mac as well but that's about all I can say I'd like to see. The construction is good but I'm glad it's got wheels. I previously had a stand just like this but no desk which I used for my coffin but getting rid of the coffin made this a necessity. It's heavy... the wheels make it much easier to deal with especially for one man set ups.

Rugged, easy to, set up – June 6, 2017 by *gschad* - ebay.com

This set up works well as a portable DJ station. It is strong enough to hold both of my mixers, and the self is handy for storage and wires. It's a little heavy to lug if you can't use the wheels because it is wide when folded, but still a great unit.

Very nice looking and easy to carry - by *waleska2013* - ebay.com

Thank you so much I love it!

Excellent Table Desk - Aug 21, 2017 by *tonysmithonsax* - ebay.com

I am very happy with this purchase. It sets up and breaks down quickly. It's a bit heavy but that's ok. Very sturdy. It should last me a long time. It looks great!
