ProX XF-CSWX2 Universal Set of Corner Shelves for DJ Facades White Finish

Description

The **ProX XF-CSW X2** is a pair of White Corner Shelves for most facades utilizing a square tubular framework with 90-degree corners. They measure 26" W x 10" D at their widest points. These shelves can be utilized for laptops, cameras, lighting, and more.

In addition to adding shelving space to your DJ facade setup, these diagonal shelves add stability to the side wings of the facade, preventing them from moving. Designed to be a universal application for most brand facades constructed of square tubes and facades that have side wings that can be angled to 90-degree side wings.

Also available in Black as [XF-CSB X2](#)
